

Musician Network

Dear fellow musician,

My name is Amelia and I have recently started a company called Give Music. Give Music is a unique company that gives people the opportunity to purchase personalized songs for any occasions. One of my goals for this business is to create a network of musicians and music industry folk that are interested in collaborating with one another on various projects. I would like to invite you to partake in the Give Music Musician Network, where you will have an opportunity to be involved in the recording process of my songs and play in live performances and events. I am looking for talented individuals who are imaginative, reliable and possess composition/engineering skills. Although I write all the Give Music songs, I thoroughly enjoy working with others who bring a part of themselves to the table and add their own twist.

If interested, please fill out the Musician Network Questionnaire on the following page and mail it to amelia@givemusicnyc.com. If you have song samples I would love to hear them! Feel free to visit my website at www.givemusicnyc.com, or call me at (917) 297 - 7450 with any questions.

I look forward to hearing from you!

All the best,

Amelia Robinson
